ORDER:

In the reference 1st read above, orders were issued revising the payment schedule i.e. break up percentage of payment based on the diameter of pipes for the pipeline works entrusted on turnkey basis. The tender percentage quoted by the bidder, then was reckoned with respect total contract value i.e. civil work and material components all put together and the excess percentage allowed was limited to 5% on total contract value.

2. In the reference 2nd read above, Government have issued orders to split the works and allow excess tender percentages as follows:

Part A: Pipes: Tender provision is limited to 5% excess on current SSR.

Part B: Earthwork & other Civil works for which the restriction of 5% tender permissions is relaxed.

3. In view of the changes made for the sake of permitting the variable tender percentage for different components, the Engineer-in-Chief (RWS&S) Hyderabad in the reference 3rd read above has proposed to allow 85% of the material component cost after supply and stacking of pipes/material at site and balance 15% of the cost of pipes/material to be allowed after completion of earth work excavation, laying and jointing, refilling and testing.

4. Government, after careful examination of the proposal of the Engineer-in-Chief (RWS&S) Hyderabad hereby accord permission for making the payment of 80% of the cost of pipes/material after manufacture, supply, stacking and inspection of pipes by the Department and the balance 20% of the payment shall be released after satisfactory completion of earth work excavation, laying and jointing, refilling and testing of pipeline in accordance with the standard specifications and agreement conditions.

5. The Engineer-in-Chief (RWS&S) Hyderabad is requested to take necessary action accordingly.

6. A copy of this order is available on the internet and can be accessed at the address <http://www.ap.gov.in/goir>.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
